Human Development Report

United Nations Development Programme (UNDP)

Key Insight: UNDP publishes this report to measure worldwide progress through the **Human Development Index (HDI)**.

Human Development Index (HDI) Rankings

Global Multidimensional Poverty Index

World Economic Outlook

International Monetary Fund (IMF)

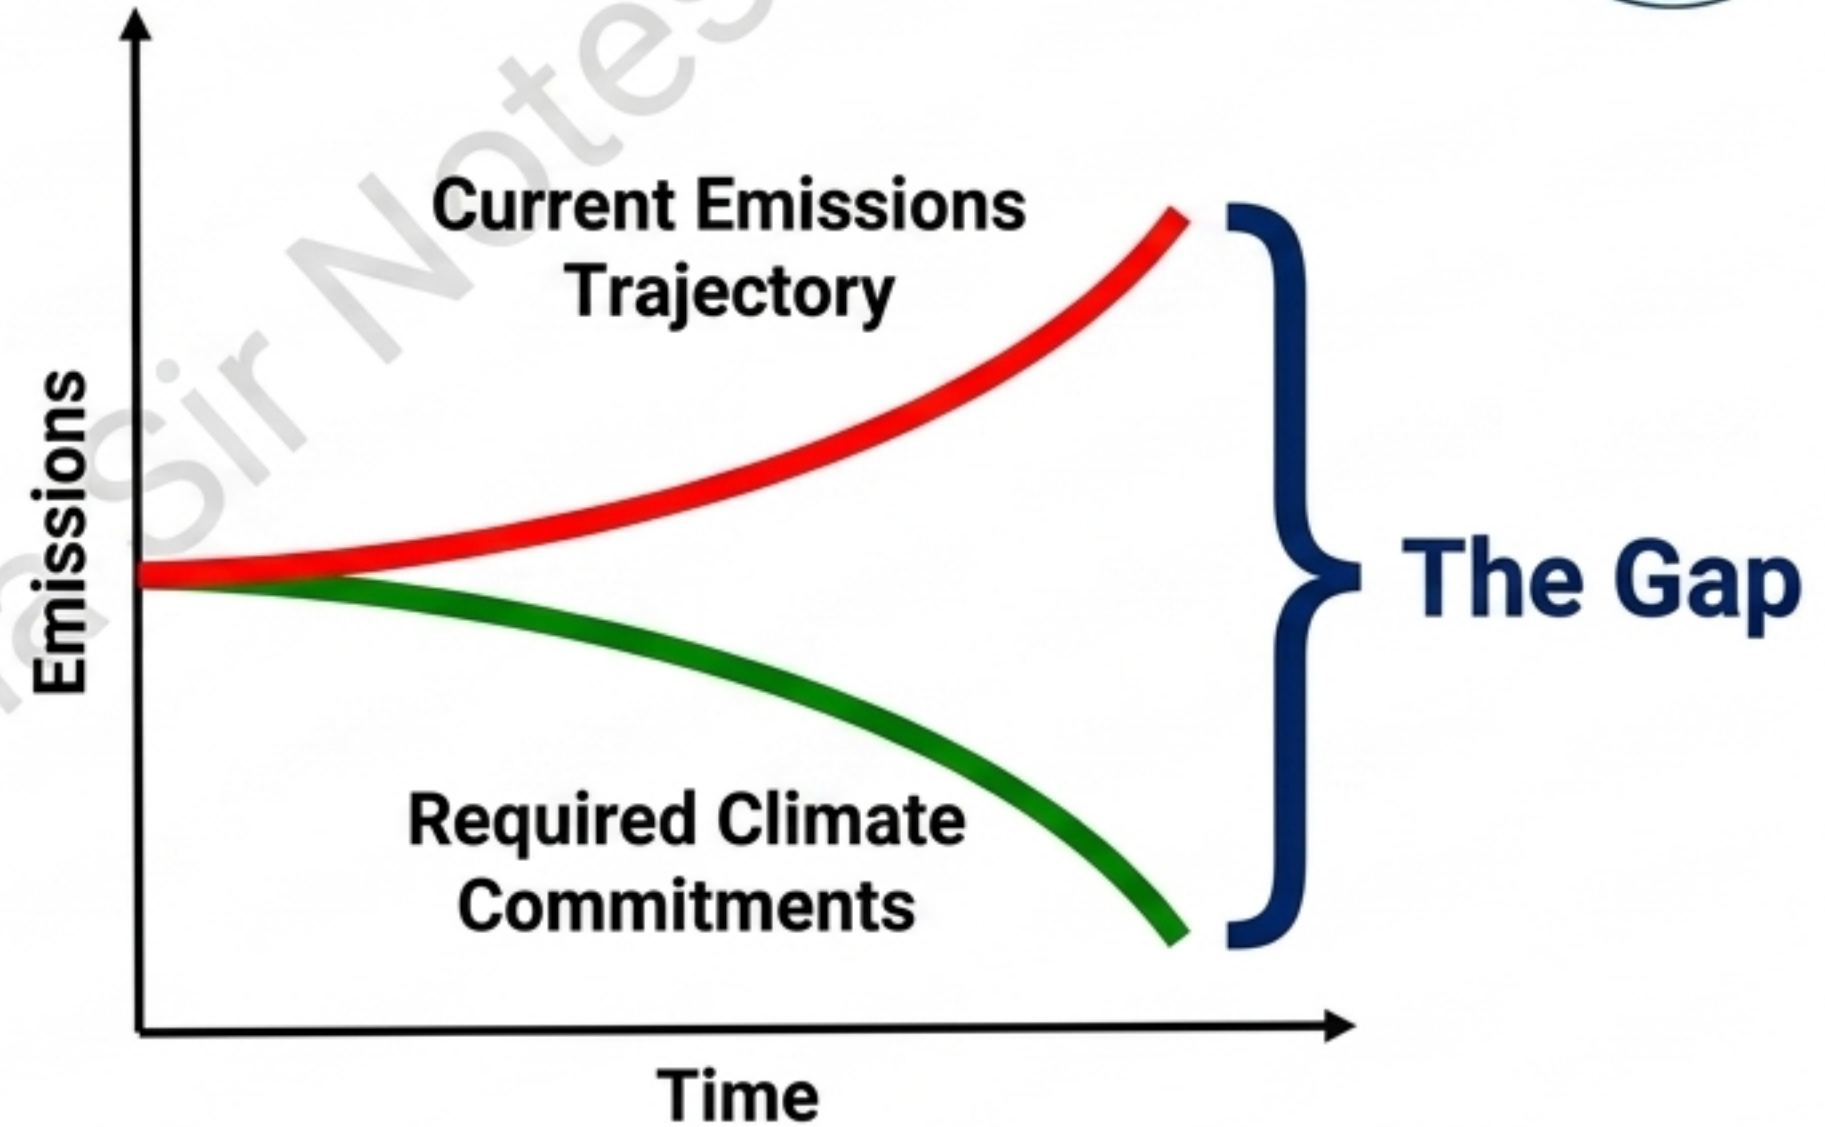

Analyzes global economic growth, inflation, and financial trends, serving as a critical barometer for macroeconomic health and stability.

Global Financial Stability Report

United Nations Environment Programme (UNEP)

Assesses the critical gap between current global climate commitments and the actual emission reductions required to maintain sustainable global temperatures.

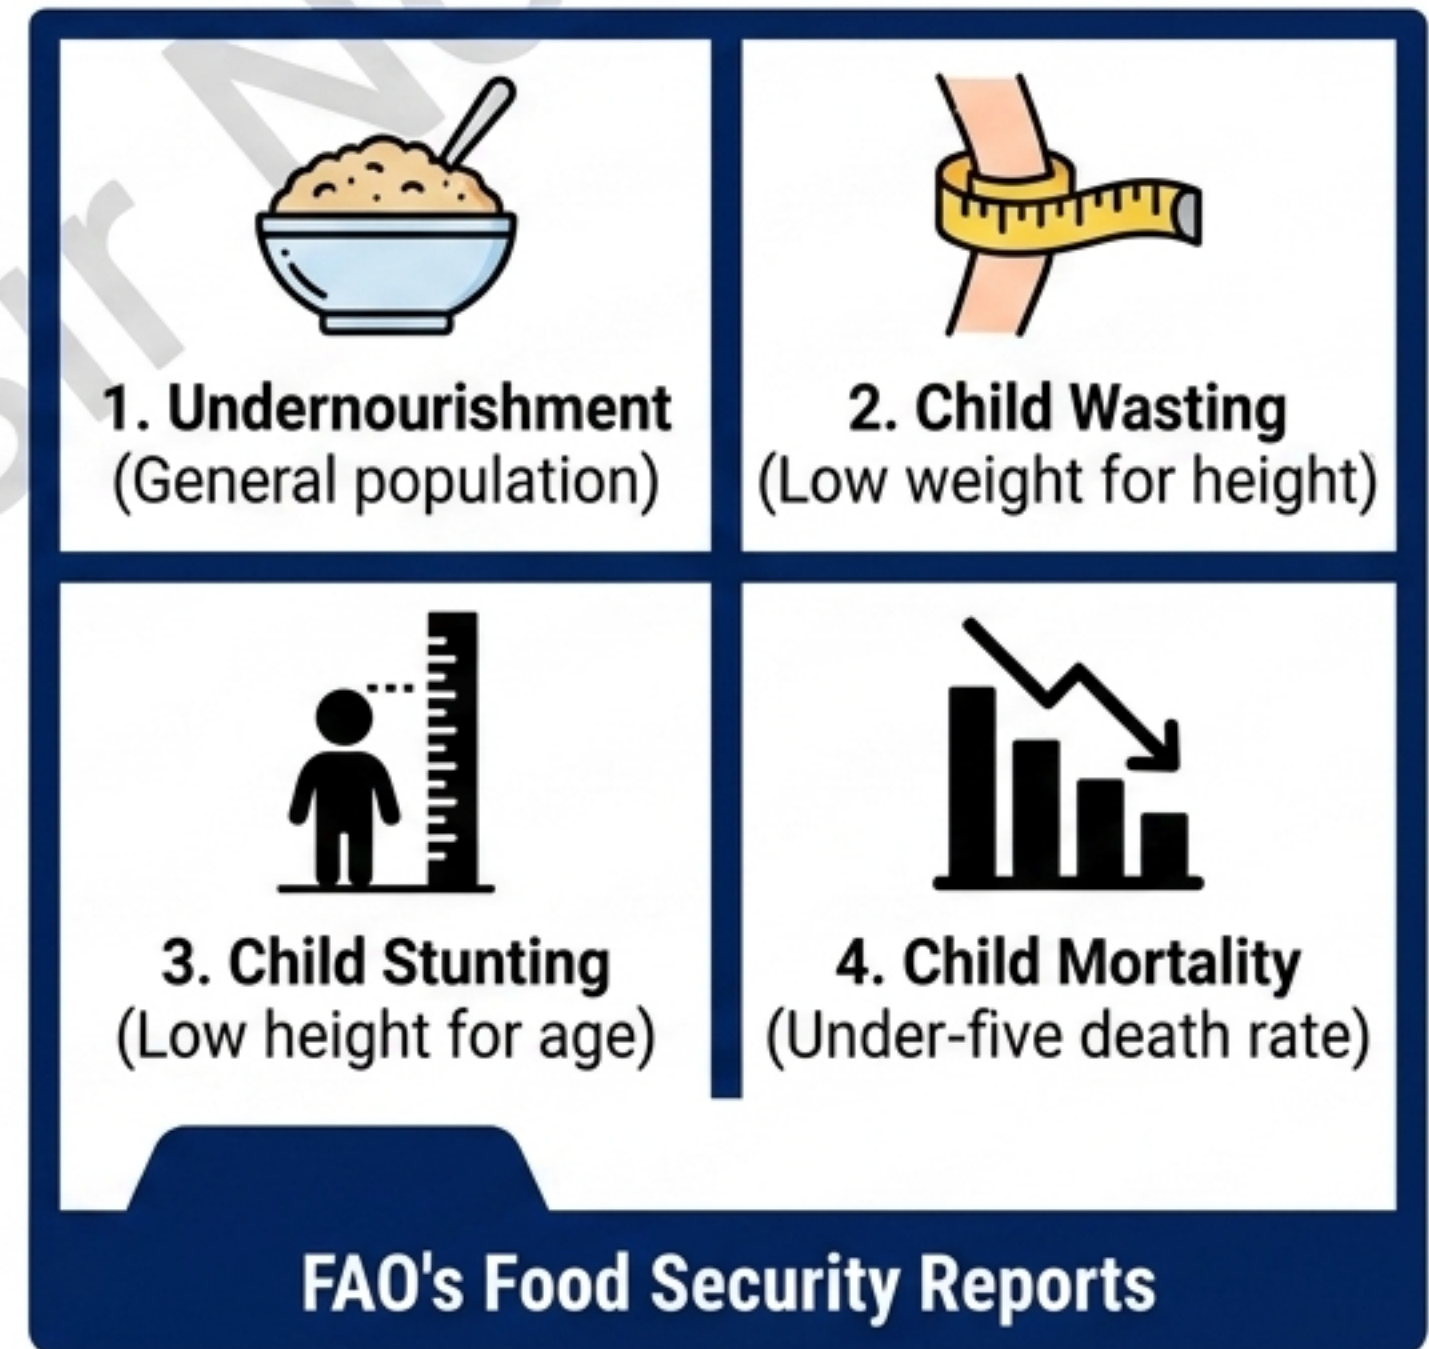

Global Environment Outlook

Adaptation Gap Report

Global Hunger Index

Concern Worldwide and Welthungerhilfe

A **peer-reviewed** report measuring hunger at global, regional, and national levels using four distinct demographic indicators.

Global Tuberculosis Report

World Health Organization (WHO)

Tracks global TB cases, evaluates treatment efficacy, and measures international progress toward the ultimate elimination of the disease.

Progress Toward Elimination

Cases Tracked

Treatment Efficacy

Elimination Goal
